The course prescribed is uniform in all the Hospitals in which candidates are trained for compounding & so long there is one standard examination held at Pune to test the fitness of all the candidates. There can be no objection to the acceptance of the S.D. proposal. There is much force in the view put forward by him that unless there is training in the Dist Hospitals also it will not be possible to get the requisite number of trained men.

R e a d :-

Rule 6 of the rules issued under Government Order No. G. 7653-65/Med.93-18-8 dated the 20th September 1919, directing that candidates for employment as Compounders should receive training for a period of one year in the Medical School at Bangalore.

2. Government Order No.G.2070-1/Med.19-20-2 dated the 23th July 1920 according sanction to the proposal of the Senior Surgeon to allow half the number of pupil compounders being trained at the Sri Krishnarajendra Hospital at Mysore as candidates from Mysore, Hassan, Kadur and Shimoga Districts found it difficult to maintain themselves in a costly place like Bangalore.

3. Correspondence ending with letter No.G.C.210 dated the 7th February 1922 from the Senior Surgeon requesting sanction to the training of pupil compounders in all the District Head Quarters Hospitals and at Robertsonpet and to hold only the annual qualifying examination at Bangalore, to secure uniformity of standard.

O r d e r No. L.4705-6/Med.94-21-2

Dated. Bangalore 17th Feb 1922.

In his letter read above, the Senior Surgeon represents that, as Mysore is quite as costly as Bangalore, candidates for employment as compounders from the other Districts do not readily come forward to accept scholarships and go to study in either of the two places. He therefore proposes to revert to the old practice of making the training available at every District Head Quarter - Hospital and at Robertsonpet, distributing the sanctioned number of scholarships among all these centres according to circumstances. the qualifying examination alone being held annually in the Bangalore centre to secure a uniformity of standard.

(7

Government think that, since the course prescribed is uniform in all the Hospitals in which candidates are proposed to be trained in compounding. there can be no objection to the acceptance of the proposal of the Senior Surgeon so along as there is one standard - Examination held at Bangalore to test the fitness of all the candidates. There is considerable force in the view put forward by the Senior Surgeon, namely, that, unless there is training in the District Hospitals also, it will not be possible to get the required number of t trained men. Government are therefore pleased to sanction the proposal of the Senior Surgeon to arrange for the training ~~for the training~~ of pupil compounders at all the District Head Quarters Hospitals and at Robertsonpet in future instead of at Bangalore and Mysore only as heretofore.
